A note from the editor of CENTURIAN PUBLISHING

Thank you for the great response. We’ve received lots of photos and letters which I will put in this and future issues.

WE NEED YOUR PHOTOS AND SHORT ARTICLES FROM MISTRESSES, MASTERS, SISSIES AND MAIDS. We have a lot of real, true stories from readers for this issue, plus we added some fiction to make this magazine more interesting.

We get a lot of letters from readers who don’t send photos. Our artists try to depict a story with their art. We spend $3,000 to $5,000 in every issue of “Forced Womanhood” and “Enslaved Sissies and Maids” on artwork alone. These two magazines cost more than the other adult distributed magazines. We think it is worth it to bring you, the reader, magazines that are unique and fun to read. A lot more work goes into putting these two magazines out.

Frank to Frances

Dear Forced Womanhood and Enslaved Sissies,
For the past 6 months Mistress Kristin and Mistress Sabrina have required me to advise you of my transformation from Frank to Frances the sissy slave. Previously they have required me to send you slave training photos. As you can see from this picture I am now in my final few months of training to be their full time slave maid. In this photo I have been tied in the basement wearing my 5” spike heels. I usually spend an hour per day in this position to help reshape my legs so I will be able to walk like a female.
Mistress Kristin has just told me that tomorrow she is going to loan me to one her girlfriends. I will have to do her housework until Mistress comes to pick me up on her way home from work.

Mistress Offering Her Sissy For Training

Dear Jeri,
I would like to send a picture of my Sissy to your magazine. She has been in training for a few years now and is in need of a more disciplined style of training. I am offering her to the Right Teacher of my choosing. I can assure you that she will behave and be willing to perform all duties asked of her. She has been well trained in duties of a Pussy Slave and is very experienced in pleasing her Mistress. Hope you can fit the Picture into your magazine with my letter. I may be reached at herslave@go.com

Thanks,
Mistress Marion
Hello Enslaved Sissies,
Here is my true life story that you may like to share with your readers. I met my Mistress/Owner at a party through a mutual friend. It wasn't long before we hit it off and moved in together.

At first, I tried to be the tough macho type, but it wasn't long before she discovered that I was a submissive sissy boy. Not knowing what was best for me, I fought her tooth and nail for control of my life. But, after one full year of panty slavery, spankings and sissy bottom hole training with dildos and butt plugs and tampons, she has turned me into an obedient house sissy.

Now I am eager to do house chores and whatever else Mistress pleases. She also has turned me into her toilet slave with a big hole in the seat. She puts me under it after she has allowed her sweet bottom hole to get nice and ripe after she fills my mouth with her golden nectar. She orders me to clean her hole with my tongue. This is a real treat for me!

I am never allowed to put my penis in her anymore. As a sissy I have lost that privilege. She has promised me one day that she will dress me up like the sissy I am and take me to a bar. There she will pick up a real man in front of me and whisper to him what I am and they will both have a good laugh.

Then they will take me home and I will have to take a bare bottom spanking from him and then suck his cock so he can fuck my Mistress. Then I will have to thank him for pleasing her in a way that I never will be able to again.

I will have to clean them both with my mouth licking up all the mess from their sex and my Mistress will then offer my sweet sissy bottom hole to the stud for the taking.

Yes, Mistress Laura has truly downsized me, but I feel now that this is my true place and proper place. I know now that I was born to be a sissy slave of a powerful woman in full service of her highness and her real men.

Jenni Sue

To all enslaved sissies and maids,
I'd like to share how I went about feminizing my sissy slut slave in words and photos taken by my girlfriend who shares my special desires as I dressed up, made up, tied up, used and abused my sissy slut slave Petra.

To hide her disgusting, boyish hair I tied my silk scarf over her head and had changed into a fresh dress. Petra was soon to wear what I had worn all day at work. Now Petra began to squirm and whine so I got my strong nylon rope and tied her down to my favorite chair really tight and neat, even adding an extra long silk black scarf to make sure she wasn't going to move at all. And to complete her feminization I put her full makeup on and for Petra to really savor her new found femineity I quickly stuffed yesterday's balled up panties in her mouth so not a sound would she mutter and tied another silk scarf over her gag and let her savor what I had so beautifully changed her into.

Oh by the way, my name is Hildagod, nice to meet all you hot and horny boys and girls and I would really love to hear from all of you with suggestions, fantasies, exciting new ideas, what turned you on and how to make it even better and I promise each and every letter will get answered promptly and personally by me, or my girlfriend if you like, or even my slave.

Most sincerely yours
Hildagod Sha

Dear Enslaved Sissy,
I don’t have any pictures to send you yet, but I have changed my sissy husband into a sissy slave with your products. This gives me the freedom of having outside affairs. Last week I dressed my sissy in one of your corsets and your baby doll shoes and made him suck my boyfriend’s cock to get my boyfriend nice and hard for me.

Dear Sissy and Forced Womanhood,

We have been reading your magazines for years including Forced Womanhood. Brian showed me your magazines over eight years ago and told me he'd like to be a girl. I liked the idea of having a woman as a my mate so I agreed. Since then, John has become a woman. First your hormones, then his breast implants and two years ago we went to Canada to have his radical surgery to make him a full woman. He is now a very pretty lady. Last year when we started getting your sissy magazine I decided to turn him into a sissy style girl. I make him, now a she, wear pig tails, dildo style shoes and other similar outfits. See enclosed order form for your new sissy catalogs.

Ms. Helen K.
Dear Enslaved Sissy Magazine,
Over the last year my boyfriend and I have changed my husband into a willing sissy slave. He's had his breast implants and is a very obedient slave who enjoys his new identity. Just recently, my girlfriend turned her husband over to us to be changed into a sissy slave as well. We had to introduce him into learning how to suck cock. He was very reluctant to do this so we had to tell him if he was going to be a girl then he was going to have to learn how to satisfy a man. We dressed him up in sissy clothes and sissy shoes and we trained him to suck his first cock.

**Schoolgirl Slave**

As time passed Daryl's breasts grew, his body became softer and more femininely rounded out. A corset nipped his slender waist and gave his hips and butt a more womanly appearance. Besides exercise, I made him sleep in 6' heels and also tied him for hours on straining tiptoes (barefooted, in Mary Janes, or stilettos) to help raise his arches even higher and give his calves that "just right" swell before they tapered down to his precise ankles. I set a few hours a day aside for instructions in how to talk and behave like a woman, and apply makeup and style his long, lustrous blond hair. His mistakes were met with a whack across the legs, groin or ass with a riding crop.

Crossed wrists tied up behind him in a hammerlock and attached by a rope to a ring in his leather collar, Daryl practiced walking gracefully in Sylvia Baby Doll flat shoes, Mary Janes and Baby Doll shoes with little girl heels, and 6' stilettos.

All was well until Daryl found his small penis was shrinking as his breasts and body became more feminine. He tried to stop the pills and creams but I pinned him down, tied his arms folded behind him, opposite wrist to opposite elbow, then pulled down his ruffled panties and spanked his pert ass red. He shrieked and sobbed in pleasure/pain as his mindless gyrations rubbed his cock to a climax on the rough carpet, which he had to lick clean.

For two weeks I kept him bound in the cellar to an "X" frame, tables, benches, posts, and on the cold cement floor in only a ruffled 'Forever Sissy' bra and matching panties. I lashed him with whips and belts, walked on him in 6' heels, made him crawl in ropes, using only his bare, red-nailed toes, the length of the cellar to lick my shoes and cunt. He was fucked with various dildos (after wetting them with his mouth) and face-sat for hours with a butt plug up his ass.

Daryl at last gave up, but I distrustfully kept him in taut ropes and locked in the cellar or a closet when I went out. His prick was put in a FL3C frenum chastity that prevented hard-ons with heavy pain, until it was so small it could only take a FL2 chastity which was attached permanently. His breasts soon had big implants, and Daryl forever became Darleen, a stunning, submissive, sissy she-male slave who passes easily for a real woman, especially when wearing vagina panties.

My girlfriends love binding, spanking, dildosing and face sitting Darleen, as do my men friends. Dressed as a sissy or schoolgirl, bound Darleen does all that's demanded of her. Often my get togethers last all night or even a whole weekend, and Darleen, usually reduced finally to only ruffled socks and Mary Janes or bobby socks and penny loafers, gets a real sexual workout and debasement. It's so much fun to see her gangbanged by a group of men or women, and then get in there with my dildo and mix it up with those sexy, sweating bodies!

**Very Dominant Woman Enjoys Her Sissy**

Hello Sissy Magazine,

I've always been a very possessive woman. When I married Ken, he told me of his interest in bondage.

About two years ago I picked up a copy of Forced Womanhood then recently a copy of your new Enslaved Sissy magazine. I showed Ken both of them and he agreed to let me change him into a woman by any means I wanted. It's worked out for both of us. I have a very submissive she-male who does whatever I want. I like to be very strict and Ken, who is now Kendra, is cooperative and obeys my every word. I enjoy oral sex mostly and this gives me my best orgasms. Now I'm thinking of chastising him permanently so he'll always be mine to do with what I want.

Mistress "B"
Laura and Grace were best friends with an identical problem. How to get their husbands to accept being sissified.

"They need to experience the ultimate shame and humiliation of being seen in public for what they are. Submissive, brow-beaten sissies dominated by their wives. I've been trying to get Daryl into skirts now for a month. But every time he cries and begs me not to and I give in," Laura said.

"I know, I'm having the same problem with Billie. But Laura we have to put our foot down. We both know they hate the thought of us turning them into sissies, but it really is for their own good, and ours," Grace chuckled.

"Yes, we're going to have to be firm with them. The problem is we don't want to feminize them to the point where they'll actually be mistaken for women. We want everybody to see them as feminized sissies, right?" Laura said.

And I know just what to start with. I think I remember seeing in one of the sissy catalogs by Centurian little girl's tap shoes. Wouldn't that be hysterical? No way could anyone mistake them for anything other than sissies in shiny, bowtied tap shoes," Grace giggled.

him over knees, picked up her hairbrush and proceeded to spank him unmercifully. He was quickly screaming, and sobbing and begging her to stop. When she finally did there was rebellion left in him. An hour later when she dragged him to the mirror and he saw himself he just sobbed and walked.

And with good reason. For he was wearing a yellow, sequined, tube top that barely hid the nipples of his enormous D-Cup tits. The red, patent leather skirt was so tight and short it barely covered his ass. You could see the suspenders holding up the seamed, fishnet stockings. On his feet with staggeringly high, clear plastic, platform heels. On his head was the trashiest, cheapest looking blonde wig. His makeup was what a hooker would wear.

"Please, anything but this," he begged.

"Your defiance sealed your fate. I had been leaning towards the other outfit. It didn't have heels or fishnets. You wouldn't have been wearing such huge tits and you would have been wearing a nice wig. Too bad."

"I'll wear it, anything but this."

"No, I've decided. This is how people are going to see you," she declared.

However the following day she said, "Perhaps I over-reacted. I'll let you wear the other outfit." But the slightest protest and it's back to this outfit.

"I'll wear anything, I promise," he said naively. When they arrived at the parking lot Laura had to drag her sissy out by the ear. Grace didn't have quite the same difficulty. She simply yanked her sissy out by his leash. They couldn't help breaking out in hysterical laughter when they saw each other's sissified husband.

True to her word sissy Daryl was wearing a kilt, flat shoes and socks. Sort of. For his kilt wasn't really a kilt, just a short, red plaid skirt that she had shortened even more until it barely covered his panties. And what panties? White satin panties with his entire behind covered with rows and rows of ruffles. And as promised, he wore socks. The ultimate white, bow-tied sissy ankle socks.

The white top had shiny snaps and on his head a wig with hair down to the middle of his back. But it was the shiny, black tap shoes that truly marked him as a sissy. He actually slipped on them when he got out of the car, falling in a heap of his ruffled sissy panties.

She didn't have him on a leash, but she did have him under control and retrained with a collar, straps connected to it and wrist straps.

And Grace was also true to her word. Her sissy wore the other outfit he'd begged her to wear when he had himself dressed as a dirty tramp. He was already crying when she yanked him out of the car. And with good rea-

Lady Turns Submissive Man Into Sissy Bondage Maid

story on page 18
Bondage Maid

Dear Enslaved:

Clifton wasn't the aggressive type and I was surprised to meet him in a singles bar. We went to my little house in the hills, where I convinced him to put on black panties, stay-up nylons and 5" stilettos and he tied up for sex. He enjoyed it and I praised our orgasm, saying it was a real turn-on to bind and "rape" a helpless man. It was Friday night, and I kept him tied up continuously until Sunday night, ignoring his protests and stroking and sucking his prick until he was a writhing bundle of passion. From then on he was definitely my bondage sex slave.

The next step was to totally feminize Clifton, and again bondage, sucking and fondling did the trick. My place was tucked away from neighbors so he went along with being tied and gagged in the back yard in frilly lingerie, 5" stiletto sling backs, makeup and wig for hours on end. It was a nice variety to bind his sexy, feminized body to trees, awning posts, lawn furniture and on the grass.

He soon moved in with me and his bondage and feminization became full-time. He had saved money, and I had a good paying job so he stayed home and did the household chores in a sexy, frilly French maid uniform and leather wrist and ankle cuffs with chains. We ordered many items (mostly sissy and maids clothing) from your Transvestite and Transformation catalogs, and he even agreed to take your various pills and use your creams to help his girly figure really become feminine. He wore a corset day and night and 4" to 7" stilettos (even sleeping tied up in them), trimming his waist and giving his hips and butt a rounder, feminine appearance. Through women’s exercises his legs (and body) were toned to look even more feminine, with a sexy swell to his calves before they tapered to his trim ankles.

But then he noticed that his pert breasts grew while his cock shrank. That led to a big argument, as he wanted to stay a TV and not become a she-male with a useless prick. I much more desired having my clit tongued so much more desired having my clit tongued so much more desired having my clit tongued so I took a firm stand. I continued putting tablets in his food, but he went on a hunger strike unless his nipple was pinched. Seeing that drastic action was needed, I drugged Clifton, and he awoke gagged and intricately tied in the basement.

For two weeks I indulged my cruel streak and gave my sissy male slave hell. I lashed him with various whips, besides walking and dancing on him in 7" stilettos.

Next came dildoing with rubber and plastic ones—and a big vibrator with powerful settings. Finally he gave up and I locked his cock in a FL4A Frenum chastity, with studs and a ring, to which I attached a leash and led him about, bound and gagged, while wearing sissy, ruffled bra, panties, over-the-knee, school girl stockings, and classic Mary Jane black patent leather shoes with steel heel and toe taps.

I increased his tablet dosage, and we both rubbed his body with creams many times a day. I gave him female lessons, teaching him to talk, act, and walk like a woman—putting painful lashes from a thin crop whenever he did something masculine. Soon his tiny cock was locked in a FL2C, permanently denying him sex, then big breast implants followed.

Cleo is a perfect, sissy, she-male bondage slave. Everyone thinks she is a gorgeous real woman who often likes to wear frilly sissy dresses and locking sissy maids bondage uniforms, "Forever Sissy" lingerie, and Mary Jane sissy shoes of black, pink or white.

It depends on my mood as to whether she's dressed as a sissy girl or a sexy French maid. Metal encased cock on display, she stands watching (often in only ruffled white socks and 7" stiletto ankle-straps), penis-gagged, ankles crossed and tied (making it hard to balance after a time), with other ropes plunging from her tautly drawn back shoulders (showing her lush titties forward) to slender waist. After I'm done, I let the man or men have her, and she has a real penis gag between her soft red lips. I love seeing her many lewd torments!

Man Loves His She-male Slave

I've been reading your magazine for years. I met Keith from your readers letters ads in Transformation magazine. He was just a closet TV who wanted to be turned into a she-male. We met and of course we both had read all your magazines. Keith had potential to make a beautiful she-male so for two years she dressed and served me in all ways.

Slowly, with the help of your products and a breast implant Keith became Karen and is now my devoted wife. She lets me have sex whenever I want and is always dressed to thrill. When we go out she passes with ease as my wife. I love fucking her tight tender ass as you can see by the photo.

Mr. "E"
As a famous portrait photographer I've taken my share of unusual photographs. Fashion models, movie stars, bands, politicians, celebrities. I've shot them all, and I got paid a ton of money doing it.

However the most unusual, and I'll have to say bizarre, photo shoot occurred about six months ago. I got a call from a woman who said she had three of her projects ready to put on sale and wanted them photographed by the best for her website and brochure she planned to do before her fall showing.

"I'm sorry, Ma'am, I'm a portrait photographer, I don't do products or still lifes," I said. "Yes, that's what these will be, portraits. I have a tendency to think of them as 'my products'," she said.

"Well then, am I photographing men or women?"

"Oh, they're all women, now," she said, and then added, when I sounded confused, "You'll see."

A few days later I did, and my mouth about dropped to the floor. The tall woman introduced herself as Emma Federico. She was followed by a makeup person, a hair stylist and then three girls each leading a naked girl on a leash. At least I thought they were girls until, shocked, I saw what the leashes were attached to. I guess you could call them penises, but they were so tiny. And each had a tightly clasped metal sheath on them, making them look even tinier. That's what the leashes were attached to, "These are what I meant by 'my projects'. Misty, Ruffles and the one with huge tits I appropriately call Giggles," she said.

"But they're men?" I stammered, thinking it couldn't be possible.

"Well, they were men. Misty, the dainty one, enjoyed beating his wife. I got her from the wife's divorce attorney. Now Ruffles was once this arrogant business man. Owned his own company. He made life hell for the women who worked there. Giggles thought it was every man's right to cheat on his wife, but when she caught him for the first time a friend recommended me to her. And her eyes just lit up when I told her I could transform him into the most submissive, docile sissy. Ensuring that when I finished with him he'd be totally harmless to women. As they all are now."

"But what do you do with them?" I couldn't help asking.

"Three times a year I put them up for sale. The photos I need are to promote my fall showing. I should have a couple more ready for you to photograph in a couple of weeks. It takes about four months to beat out their arrogance, macho pride and crush their egos. Of course, when they see what I've turned them into all of that just evaporates. There's a surprisingly big market among wealthy for she-male sissies. They're trained to be maids, secretaries or just pets. All three have been conditioned to lick pussies and suck off the biggest cocks. After you're finished I'll have the girls display their talents as a way of thanking you," she said.

Misty I photographed reclining on a sofa wearing only a gold bow, dainty, heeled sandals and stockings. She looked so delicate
and fragile it was hard to believe she once weighed 180 pounds and had been a weight lifter.

They spent much time on Ruffles. Costuming her in a baby blue dress with mounds of petticoats, little girl Mary Janes and a ruffled top that was pulled up to show off her titties. She looked so innocent and virginal I had a hard time picturing her greedily sucking on a big cock. But Emma assured me she could take the biggest cock and suck it down to the root.

"Although she still has a tendency to gag over a really big load, something I'll put a stop to before I show her," she declared.

The final shoot of the day was Giggles. First they laced her in a frighteningly tight corset that had the poor thing begging them to stop.

"Oh stop your silly whining. This is your official sissy portrait. The girls are only going to lace you an extra three inches. The more enticing you look the more that the women will drive up your price. And I expect to get a pretty dollar for you," she said, then turning to me, added, "I'd like you to pose her to show off her melon sized tits. And make sure her tiny clitoris is in full view. Can you imagine, it was once almost eight inches. Oh my how proud of it she was. So eager to show it off to every woman he could."

"That was once eight inches? It's barely the size of a thimble. Since you've gone to all this trouble, I mean, why not remove it? Obviously she could never get it in a real woman. They'd laugh themselves silly," I remarked.

"Ah yes, precisely. Every time a woman points at it and laughs it serves to remind Giggles, as well as the others, what they once were. And each time they look in the mirror they'll see what caused their downfall. I love it each time they look down and start sobbing so pitifully," she smiled.

Giggle made such a pretty picture. All they dressed her in were the frilliest, little girl anklets, high heeled Mary Janes, and what I thought was the perfect touch, ribbons that they tied tightly around each nipple and a big, matching pink ribbon.

After the shoot she had them each get down on their knees, between my legs, and "thank" me. By the time they'd all thanked me I didn't think I could stand.

"Since I'm sure we'll be doing a lot of business together in the future I'll give you a 20% discount on any of these three here," she said.

Looking down at the exhausted Giggles I said, "What about this one?"
This Could Happen To You!

Ruffles
I married Frank, despite the fact that he was so much shorter than me, because I was mesmerized by his dynamic, forceful personality. I admired his success. Starting with nothing he'd built a hugely successful software company that basically ran itself. He was a self-made millionaire.

To make a long story short we got married. I declared. "Keep quiet, I've decided, and I'm doing this for you. Oh, you'll still have lots of frillies. But no more ludicrous big tits. You'll still have to wear a bra, a sissie's bra. No more sexy nylons, it's little girl socks and sweet Mary Janes. There's a woman I've hired that specializes in turning men into effeminate sissies. You'll meet her tonight. When she's finished with you I'm going to doll you up in the most darling sissy outfit, take you out and show you off to everyone on the end of a leash. So everyone can point and get a good laugh. What I've been told is that sissies make excellent pets, and since I've always wanted a pet, even a sissy pet, you'll be my pet. I'll get you a pretty collar and leash with your new name, Sissy Cheeks, don't you just love it?" He sputtered in disbelief.

"I'm not going to be a damn sissy, or your pet, for Christ's sake!" he stammered.

Well, I didn't see Frank, I mean Sissy for nearly two months. When she brought her in I was floored, and so delighted. When he walked to me he curtsied then knelt at my feet. He was ordered to lick my boots off the leash she had in one hand, and the cane in the other. Cracking the cane against her boot she barked, "Kneel, hands behind you, head bowed. If I see you look up I'll slap your face." Don't utter a word." Terrified Frank did as she ordered, too afraid to plead as Ann described how she'd go about transforming him into a sissy.

"When I'm finished with him he'll be obedience trained to the point where he'll instantly obey you without thought of protesting. He'll be docile and timid and won't think to do anything you haven't told him to do. He'll be conditioned to do many things that he won't be able to stop himself from doing. Naturally the first thing I'll do is sissify his appearances." "I don't want people thinking he's a woman," I declared.

"Absolutely not. He'll look more girlish, his face permanently made up more like a doll. He'll have little, sissy titties, a girlish behind and the finest waist. All masculine characteristics such as all hair below his ears will be eliminated as will any hint of muscle tone anywhere. His sissy wardrobe will consist of effeminate pants, shorts and tops. His shoes will be sweet little girl shoes, perfect for sissies, with dainty lace and ruffle socks. Around the house he'll wear the sweetest, little sissy dresses, I'm also thinking about bobbing his nose and I do think he'll look precious as a ditzy blonde," she said, which I agreed to.
I could see tears running down his face but he continued to lick. Patting him on the head, and talking to him like a child, she said, "Now, now Sissy. You're not a man anymore remember? But your Mistress needs a real man now and then, and you will be helpful in getting her ready. Now, two more things. You really should hire a maid or nanny; they're more suitable for looking after your sissy pet. It just so happens that I have a young assistant, just nineteen, who's looking for a more permanent position. She would have no trouble with your sissy. The second thing is that I'm going to introduce you to a woman who also has a sissy I trained. Obviously you have a lot in common. And Sissy can have someone to play dolls with. Her sissy's name is Prissy."
Attention to sissy magazine,
I married a man who, I found out later, likes to wear women's clothes. When I did find out, I didn't want sex with him anymore but I still loved him.
So I compromised after reading your magazine. I could have both - sex with men who turned me on and still keep the person I cared about. I made him into a sissy slave just like your magazine. Breast implants and all. What I enjoy most is binding my sissy up in all her sissy splendor and making her watch as real men make love to me. The other day I made him watch as me and my lover were in a 69 then had incredible sex. Afterwards, I laughed at my sissy and said, "See what your missing for being such a sissy girl!"
Ms. Daniels
As a successful business woman work almost consumes me. I do have one hobby that I find very rewarding. A friend of mine turned me on to it. She found an attractive young man who liked to dress up as a girl. So she indulged him, completely feminizing him, to the point where she enters him in Miss Sissy Beauty Pageants all over. I went to one and was fascinated. So I put an ad in the paper but didn't like anyone who responded. I kept thinking that what I was looking for was someone like my nephew Vance. I always thought he was so cute. Then I thought why not. So I sat down and had a talk with him.

"Look Vance, you need some direction and focus in your life. You've just dropped out of, what, your third college," I said.

"I know, I just can't think of anything I really want to do. I guess I'm worthless," he admitted.

"Then what I want you to do is put yourself completely in my hands. I think I know of something that would offer you a challenge, something you could take real pride in and give you a sense of accomplishment."

Not knowing what to do, he accepted. Until I told him that what I had planned to do was feminize him and enter him in special beauty pageants.

There was a lot of tears and protests, however liber-

Dear Sissy Magazine,
I picked up a willing TV in a gay bar who wanted to be changed into a girl. We talked in the bar for a long time as Leon told me he'd serve me if I'd help him. To make a long story short, Leon showed me all your magazines and catalogs. Leon moved in and in less than a year I had a she-male sissy slave that worships the ground I walk on. Plus, of course, my penis. It turns me on to see Leon, now Leona all dressed up in sissy attire and on her knees sucking cock. Leona passes very easily now as a sweet girl wherever we go.

al applications of my hairbrush and the fact that I was bigger and stronger than he was brought him to a manageable level. I spared no expense. My goal was to have Violet, her new name, beat out my best friend’s sissy. There was a look of despair and then resignation when she saw her permanent makeup, her quite ample boobs, altered waist, and her quite girlish rear-end. Well, it took months of relentless training but I couldn’t miss the pride I saw in Violet’s face when she won her first blue ribbon. Although it was only for third place. It was months later than she finally beat out my friend’s sissy as, “Best in Show.” I was quite proud of her, my friend was so jealous. She soon began acquiring quite a trophy wall in regional pageants. I wondered how she would do in the national competition in Las Vegas. So I went out to attend it and scope out the competition. And was in for a shock. These “girls” were stunning. The winner was a gorgeous redhead with enormous boobs, an eighteen inch waist, an ass twenty inches bigger, and she walked perfectly natural in staggering seven inch heels. Obviously Violet was going to need a lot of work. It took months of alterations, training and conditioning. To say nothing of the custom designed outfits for the various events I planned to enter her in. By the time the next national pageant I had her walking, somewhat, in seven inch heels, and she truly did look stunning in the custom creations I had designed to show off her best assets. There were a lot of tears when I told her that it was a requirement, at the national level, that all participants must be permanently pussied. She was a bundle of nerves when we arrived. But I told her not to be. I didn’t expect her to win anything her first time so she should relax. And, as it was her first time, I was allowed to enter her in the novice category. Violet didn’t win, but she didn’t come in last either. And, to my surprise, the judges gave her a special “Sluttiest Dress in the Pageant Award” for a see-through black lace dress that left nothing to the imagination. All in all, I was quite pleased, but she obviously needed more work.
Active Sissies Play Hard For Special Reward

There's nothing in the book that says a sissy can't enjoy an active life. Hilary and I both have sissies that absolutely love tennis. So every Sunday we let them play a match against each other. With high stakes, at least for them.

Whoever wins gets their tiny, chastised penises unlocked and the loser must kneel down and give the winner a blow job. As it's the only time we allow either of them what we call "sissy sex" their matches are highly competitive.

To keep them evenly matched I insist that Prudence play in five inch heels. As Penelope is the faster of the two, Hilary has her play in five inch platform sneakers. For amusement I put a bell on Prudence's dickie. Not to be outdone Hilary attached a cowbell to Penelope's little penis.

They're so evenly matched they usually play for three sets.

The last couple of weeks Penelope won so next week I've decided that to keep things even she'll need to play in six inch heels.
Dear Enslaved,

You can imagine my surprise at seeing my next door neighbor's letter and TV French maid picture in leather cuffs and chains in the 'Readers Letters' column of one of your more recent issues. Arnold was shy, and though we'd been neighbors for months we only had a nodding acquaintance. I'd thought his lingering glances were solely for me (I often wear sexy clothes to the office to please my boss), but I then realized they were also for my clothes. I admit he would look cute in them, being short, slim and almost girlishly handsome. Since his letter invited dominant mistresses (a nice change, as I was always on the 'receiving end' with my boss) to contact him, I went to his bungalow that night wearing one of your short, black latex dresses, opera-length gloves, garter belt, seamed nylons, 7" stiletto pumps, and my long blonde hair piled atop my head.

continued on page 34
continued from page 32

Arnold didn't come to the door for a while, and seemed nervous and out of breath when he finally did. He wore a long, tightly-belted robe, only socks, and his dark hair was matted. Recognizing me, he gasped in surprise then blushed deeply when I stated my business and held out the magazine with his picture. Inside, I commanded him to remove the robe and he obeyed, revealing his brief black latex French maid uniform; his socks covered the ankles of his black nyloned legs. When he was again in his long dark wig (which he'd hastily pulled off at my knock on the door) and 5" stiletto sling-backs, I tied him from shoulders to ankles with white clothesline from the kitchen, then we sat on the sofa and frankly discussed our "intimate" secrets. From that night on we were close friends and lovers in a dominant Mistress/submissive TV slave relationship, that led to us soon sharing a cozy, isolated house.

After my next visit I convinced Arnold to quit his job and be my full-time "lady of the house", remaining in constant bondage of some sort. He agreed to take your various feminizing products and wear a corset and high stiletto heels (which further slimmer his waist and gave his legs an even more feminine look), then accept my feminine instructions. From your Transvestite and other catalogs I ordered more she-male sexy clothes, including locking sissy maids bondage uniforms of white and pink satin, various colored Mary Janes from your "Little Tootsie" line, frilly bras, panties and over-the-knee, schoolgirl stockings from your "Forever Sissy" line of lingerie. While Arnold let his own dark hair grow until it was well past his slender shoulders he wore different lengths and colored wigs. He was thrilled with the feminine changes in his body: silky hair, softer skin, rounder body (also helped by the corset), loss of facial and body hair, and nice perky breasts.

Then Arnold rebelled as he found his penis and sex drive were steadily diminishing with his body feminization. We had a screaming argument, ending with me kneeing his small balls and binding him while he was helpless with pain. For weeks I kept him in various tie-ups, spanked, whipped and dildoed him (first making him suck the dongs until they were well lubricated) until he understood he would be tormented indefinitely, and the only way to end his suffering was to submit.

I then put Arnold on a crash course with your creams and pills, kept him in corsets and stilettos, and gave him endless hours of female lessons. He wore many changes of clothes daily, from French maid to sissy, frilly maid, schoolgirl, and erotic outfits of latex, leather, etc. His wilting cock was locked in a FL4A Frenum Chastity, with studs and a leash ring to lead him about and tether to things. At last his breasts were ready for large implants and his tiny cock was fastened permanently in a FL2 Frenum, ending sexual activity.

'Astrid' passes easily for a whole woman and is my constant companion. Usually she is in concealed bondage, and we are amused by the looks of horne interest she receives from unsuspecting men, and some women. She also goes with me when I have to 'please' my boss. Tied and gagged in only stay-up nylons she watches while I have sex with him.

out my stress and frustrations by dominating and feminizing men. It's the only way I can really relax or enjoy sex. I like a tongue in my pussy instead of a cock, and with a bound and feminized man I can have that by making him cum with hand and blow jobs and some men seemed nervous and out of breath when he finally did. He wore a long, tightly-belted robe, only socks, and his dark hair was matted. Recognizing me, he gasped in surprise then blushed deeply when I stated my business and held out the magazine with his picture. How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!

But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silky hair. They will also feminize or round out your features.

If you didn’t know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The “raw” glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.
